Hammer Spring Reduction

Part 3:

HSR:

**\$125, plus return shipping and insurance cost**

(Service only applicable to guns not having rebounding hammers or hammer block mechanisms, see Services Offered page.)

Recoil Pad Installation (cost & work separate from above packages)

Part 4: Package RPI:

Any action with a two-piece stock, adjust LOP, install Kick Eese recoil pad and refinish wood with hand-rubbed Tung Oil:

**Straight Grip Stock: \$175, plus return shipping and insurance.**

**Pistol-Grip Stock: \$225, plus return shipping and insurance.**

Shorten Barrel

Part 5:

SB (shorten barrel with necessary changes, see Services Offered page):

Guns with full-length magazine:

**\$200, plus return shipping and insurance cost**

Guns with half-magazine:

**\$150, plus return shipping and insurance cost**

Feeding Improvement (FI)

Part 6:

**\$200 plus return shipping and insurance cost**

Minimize Weight, requires packages 4&5 at additional cost (MW)

Part 7:

## **\$750 plus return shipping and insurance cost**

Package: TI (Trigger Improvement)

Marlin 336, 1894, and 1895:

**\$50 only offered in addition to package A work;**

Winchester and Winchester replicas with conventional trigger and hammer system:

**\$75 only offered in addition to package A work;**

Winchester brand rifles with rebounding hammer system:

**\$250, with consultation only and only offered in addition to package A work.**

Package MCC: Marlin Custom Conversion, includes most work outlined above (as appropriate) and conversion to any of various chamberings (refer to, [What is Possible with a Marlin](#), with premium barrel and a set of custom loading dies (where necessary):

If I own the required reamer set and commercial loading dies are available:

**\$4500**

If I do not own the required reamer set and commercial loading dies are available:

**\$4800**

If I own the required reamer set and commercial loading dies are not available (includes 100 custom cases):

**\$5000**

If I do not own the required reamer set and commercial loading dies are not available (includes 100 custom cases):

**\$5300**

Extra for installation of XS sights:

**\$100**

Extra for installation of three holes along bottom of stock for apertures and Brownells Twilight Aperture set:

**\$125**

Extra for Installation of XS Scout Scope base:

**\$225**

In all instances, these prices assume that you supply the basic gun, shipped to me, as described below. Payment for custom conversions can be made as follows: first third, with gun; second third, before I ship gun parts to Robar for plating; final third, before I ship gun back to you. These prices include all shipping and insurance costs, after the gun is in my hands.

Total the cost of all circled items above, then add return shipping and insurance costs (see the following paragraph). If you cannot package the gun as requested (see the [Services Offered](#) page for packaging instructions), add \$50 additional special packaging charge.

When returning the finished rifle, I will insure for the following:

- Cost of a new rifle, plus;
- Cost of all services rendered, plus;
- Cost of shipping (both ways).

Hence, you can determine actual return postage and insurance cost by adding the shipping cost that

you pay to ship the gun to me to the value of a new Marlin plus the cost of the work that I am doing, plus the shipping and insurance costs (both ways).

Excepting custom conversions, Include with the gun a postal money order for amount of total. For custom conversions, include \$1500 with gun. Remainder will be due in two equal payments: first half when gun is shipped to Robar, second half before I return gun to you.

\* Endorse Postal Money Order to: M.L. McPherson

Ship rifle, by United States Postal Service, insured for value to:

<b><u>US Postal Service:</u></b> <b><i>M.L. McPherson c/o Ken Banks P.O. Box 1240 Cortez, CO 81321</i></b>	OR	<b><u>United Parcel Service (UPS)**</u></b> <b><i>M.L. McPherson c/o Ken Banks 27688 Hwy 160 East Cortez, CO 81321</i></b>
<p><i>** If you do ship the rifle via UPS, you must include a correct postal address because I will only ship to you by United States Postal Service (USPS).</i></p>		

I have included a postal money order covering cost of requested services plus return postage and insurance (\$5 greater than cost of USPS shipping and insurance; \$15 greater than cost of UPS shipping and insurance) and any necessary additional costs.

Refer to the "[Services Offered](#)" page for packaging and shipping instructions.

Signed: \_\_\_\_\_ Dated: \_\_\_\_\_

## **NEVER SEND AMMUNITION, PRIMED CASES OR PRIMERS**
